First Community Bank of Central Alabama hosts groundbreaking ceremony for new Pine Level branch location.

Pine Level, Autauga County, Ala. – First Community Bank held a groundbreaking ceremony on Friday, May 9, 2025, for the highly anticipated Pine Level branch located at 710 Commercial Parkway in the Interstate Business Park at the corner of Jesse Samuel Blvd and Commerce Parkway. The event marks an important milestone for the bank with historical significance as the first bank in the Town of Pine Level.

A permanent Pine Level office will bring many opportunities for the bank, including the ability to better serve our customers. The new, 3,800 square foot branch is expected to open in late fall 2025. The branch is designed with the customer in mind and will offer a full range of deposit and loan products for consumers and businesses as well as a wealth management suite. Customers will have access to in-branch and drive-thru teller service as well as a 24-hour, deposit capable ATM.

First Community Bank President & CEO, Rana Futral, says, “This location will be our third in Autauga County and illustrates the bank’s commitment to bringing true community banking to the areas we serve. We will be a catalyst for growth in the Interstate Business Park and are committed to making a difference in the Pine Level community.”

First Community Bank is thrilled to grow with the Town of Pine Level, and we look forward to offering our brand of personal service to the community. Let’s Do Life Together! For more information about our new Pine Level location, please call our main office at (334) 567-0081.

First Community Bank is a full-service community bank serving Elmore and Autauga counties with eight retail offices, a mortgage division, and a wealth management division.
